TWO BATTLESHIPS FOR THE NAVY

AUTHORIZED IN BILL PASSED
BY THE HOUSE.

Naval Appropriations Amounting to
\$128,047,602, Passed—Some
Members Wanted Three.

FOUR SUB-MARINES PROVIDED.

Washington, April 9.—By a vote of 162 to 110, fourteen of those present not voting, the house authorized the construction of two battleships to cost \$6,000,000 each. Thirty three Democrats voted for two battleships and 24 Republicans against the proposition.

This action was taken just prior to the passage of the naval appropriation bill, carrying \$128,047,602. The amount is \$3,000,000 less than recommended by the navy department. The bill also provides for the construction of two fleet colliers and four sub-marines. The battleships and two fleet colliers must be constructed by firms operating under the eight hour law as provided in the amendment by Fitzgerald, of New York.

The committee on naval affairs had reported in favor of two battleships. Tawney, of Minnesota, chairman of the appropriations committee offered an amendment providing for one battleship, while Hobson proposed three. Hobson's proposition was rejected almost unanimously.

Gronna, of North Dakota, moved to strike out the authorization for any battleships. Only a handful supported the "no battleship" policy. Thomas, of Ohio, proposed four battleships. Voted down almost unanimously.

Tawney's one battleship plan was also lost, 104 to 138. At least 37 Democrats voted with the Republicans against Tawney.

Norris, of Nebraska, insurgent, tried to amend the bill to provide one battleship and six transports, the latter to cost \$1,000,000 each. Ruled out of order.

A strong speech against a two battleship policy was made by Bartholdt, of Missouri, the house "apostle of the peace."

Among the Republicans voting with the Democrats for one battleship were Davis, of Minnesota; Gardner, of Michigan; Gronna, of North Dakota; Lenroot, of Wisconsin; Lindbergh, of Minnesota; Morse, of Wisconsin; Nelson, of Wisconsin; Norris, of Nebraska; Nye, of Minnesota; Prince, of Illinois; Stafford, of Wisconsin; Tawney, of Minnesota; Volstead, of Minnesota; Wilson, of Illinois.

From the Tennessee river the City of Safford arrived at 11:30 o'clock last night and departed at 12:30 this morning for St. Louis. She had a big trip of freight and a big passenger list, as the delegation of 100 veterans from the northwest were returning home from the Shiloh battleground.

The St. Louis Globe-Democrat of yesterday says: "James Kerwin, river blacksmith, and father of Dan Kerwin, secretary of Harbor No. 28, died early yesterday morning at his home, 3931 Maffit avenue. He was born in Kildare, Ireland, and has been for years connected with the river. The funeral will take place tomorrow from his home to St. Matthew's church. Burial will be in Calvary cemetery."

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

Approval is Recalled.

Washington, April 9.—The proposal to vote a pension to a man accused of desertion, which had been acted upon favorably by the majority of the house committee on military affairs, and to which the report of the minority committee dissented, was rejected by the committee, when it voted unanimously to recall its approval. The minority believed the case would establish a precedent that would admit thousands of so-called deserters to pensions.

Chicago, April 9.—Chickens sold at 19 cents a pound on the market today. This is the highest price received here in the history of the trade. John Foley, a veteran trader said: "There is a scarcity of chickens this year. The only reason for the shortage I can see is the high price of eggs. The poultry raisers evidently think it is folly to market the hen that lays the golden eggs."
